Robert,

It was available to you Monday from the site staff. Please work through them for site requirements as we support them as directed. Thank you for making sure we are in compliance with the contract requirements.

The first 1900-55 was done on Monday and I was told it was delivered to you. He will have another done this morning. We had to gather the DB dailies from them so we could get their time entered, which took the better part of yesterday.

Mr. Wise,

Attached is the Cost Estimate for the Fruitland Magnesium Fire Incident ER site, TO 9019-017 (ER Umbrella). This TO will be performed under SCA and will require approval of OT as detailed in the attached Cost Estimate. Because of the nature of this ER and that it is being performed in the State of CA, there may be a potential for DT hours to be worked. We are requesting approval of DT billing rates on this TO for the Foreman, Equipment Operator, Truck Driver, and Clean-up Technician categories.

The Foreman category does not have an approved DT bill rate on the contract. The rate that would apply for the Foreman DT category would be \$108.50.

If you have any questions please call Gary Wofford at 714-269-5979 or Ron McManamy at 425-673-2900.

Thank you,

Laurie Palmer
